

### Veterans Appeals Improvement and Modernization Act of 2017

### Processing Reconsideration of Supplemental Claims (RSC) (Refresher Training)

**Lesson Objectives** 

Upon completion of this lesson, you will be able to:

- Understand the three AMA lanes/review options
- Establish appropriate End Products (EPs)
- Review and process an RSC under the AMA

Processing Procedures for Reconsideration of Supplemental Claims (Refresher Training)

Under the Veterans Appeals Improvement and Modernization Act (AMA) of 2017 (<u>Public Law 115-55</u>), the Department of Veterans Affairs (VA):

- Modernized the appeal processing technology by replacing Veterans Appeals Control and Locator System (VACOLS) with CaseFlow, a system developed specifically to track new requests for appeals under AMA
- Added resources to address the current workload
- Added processing improvement safeguards

The AMA reformed the appeals process within the VA. Prior to the AMA:

- Appeals took too long
- There was no defined endpoint or timeframe
- Decisions required a Statement of the Case (SOC)
- All requests were sent to Board of Veterans' Appeals (BVA)

The AMA requires RPOs to account for the notice of decision review requests either concurrently or simultaneously in one or more of the following systems:

- 1. Benefits Delivery Network (BDN)
- 2. A <u>tracking spreadsheet</u> available on the Education Service SharePoint site
- 3. Caseflow, the system developed specifically for tracking AMA claims

# **Appeals Modernization Act (AMA)**

Claimants who disagree with a decision have three lanes/review options in which their claim can be reviewed:

- 1. Higher-Level Review (HLR) De Novo review without a hearing or additional evidence
- 2. Reconsideration Supplemental Claim (RSC) Additional documentary evidence can be submitted
- 3. Notice of Disagreement (NOD) to the BVA Additional documentary evidence can be submitted, and the claimant may appear in a hearing before a Veterans' Law Judge (VLJ)

Processing Procedures for Reconsideration of Supplemental Claims (Refresher Training)

A Higher-Level Review (HLR) is a new review of an issue(s) previously decided by VA, based on the evidence in the TIMS record at the time the decision was made.

- Requests for an HLR must be submitted on a VA Form 20-0996
- HLRs should be labeled as 20-0996 in TIMS so that it is routed to the HLR queue
- Education Service has determined Education Quality Training Specialists (EQTS) are the authority to process HLRs.

A HLR is considered a closed record, therefore, there is:

- No duty to assist
- No new evidence, and
- No formal hearing

NOTE: Claimants can request an informal conference

- The reviewer has the authority to overturn the lower-level decision
- The reviewer can return it to the lower-level for correction of duty to assist errors (quality feedback)

<u>Note</u>: Claimants may not request a Higher-Level Review of a Higher-Level Review decision or of a Board decision issued by VA.

### Reconsideration "Supplemental Claim" (RSC) involves:

- Newly submitted evidence
- Preservation of the Pre-decisional hearing option
- Gathering evidence under duty to assist
- Authority to overturn lower-level decision
- Requests for RSCs should be submitted on a VA Form 20-0995:
- RSCs should be labeled as 20-0995 in TIMS so that it is routed to the Priority RSC queue

Notice of Disagreement (NOD) is an appeal to the BVA. It:

- Is requested on a VA Form 10182:
- The claimant should send the VA Form 10182 directly to BVA however, if the 10182 is received at the RPO, it will be printed and forwarded to BVA for review

The framework for processing appeals minimizes duplication of effort since:

- Duty to assist does not apply to HLR or NOD
- Claimants cannot choose multiple lanes/review options concurrently and may only pursue one lane/review option at a time for the same claimed issue
- Effective date is protected if claimant pursues the same claims issue under any of the lanes within one year of original decision

(Select all that apply) Which lane(s) are processed at the RPO level?

- A. Higher-Level Review
- B. Reconsideration Supplemental Claim
- C. Notice of Disagreement

Processing Procedures for Reconsideration of Supplemental Claims (Refresher Training)

### Definition:

Reconsideration "Supplemental Claim" (RSC) refers to the receipt of additional evidence that is both New and Relevant to support granting the benefit sought or identification of relevant existing records VA needs to obtain.

- "NEW" evidence refers to information not previously submitted to VA.
- "RELEVANT" evidence refers to information that tends to prove or disapprove a matter at issue.

VA will assist in gathering new and relevant evidence to support an RSC. This is referred to as "Duty to Assist"

### **Establishment of an RSC**

Upstream should index as VA Form 20-0995 which will route the claim token to the "Priority RSC" queue.

- Document Type Name: 20-0995
- Document Type Description: AMA Supplemental Claim

### Review and Process RSC:

Individuals assigned to process RSCs will:

- Ensure the claim is an RSC request, if not, route claim to appropriate TIMS queue
- Verify a NOD or HLR is not pending in CaseFlow. If another lane/review option is pending, then;
  - Send the PCGL Letter CO Inf-26 (Inappropriate Action Letter)
  - Record in CaseFlow as "Inappropriate action"
  - Record on SharePoint tracking sheet

**NOTE** If another AMA action is pending for the same issue, Caseflow should be updated to show Inappropriate Action. This is done by recording the HLR request as "dismissed" in Caseflow and using the description of "Inappropriate Action".

#### Review and Process RSC:

Individuals processing RSC claims will:

- Begin processing the RSC within 30 calendar days from the date the VA Form 20-0995 was received by VA
- Establish a Supplemental EP with a third digit modifier of "1", to designate the claim as an RSC (i.e., 211, 281, 351).
- Verify the RSC request was filed timely and is valid, if not send the PCGL Letter CO DIS-31 (AMA Over One Year Appeal) letter, PCLR EP and finish the claim token.

Reminder: When processing an RSC claims, remember to apply Duty to Assist (DTA) when applicable.

### If Additional Development is Needed:

Individuals assigned to process RSCs must:

- Develop for additional information following DTA
- Diary an EP for 30 days from date development is done using 0-RSC as the disposition code
- Capture development letters into the claimant's TIMS file
- Place in awaiting mail in TIMS for 30 days

If the RSC request is awarded:

- Process the claim under the correct Supplemental EP with third digit modifier of "1"
- Date of Claim is the date the VA Form 20-0995 was received by VA
- Prepare the PCGL Central-AWD 26 (AMA Full Grant or Partial Grant letter)
- Single sign the AMA award action(s) as appropriate
- Route the claim to the RSC authorization queue for review and approval, if the payment amount authorized exceeds second signature authority.

If being processed from the Authorization queue, the Authorizer will review the RSC award and:

- Follow the "Big Pay" procedures depending on the amount being paid
- Release LTS or BDN award letter AND mail the PCGL Central-AWD 26 (AMA Full Grant or Partial Grant letter) per office policy regarding the release of correspondence
- Capture LTS WPS, BDN award screens and AMA Full (or Partial) Grant Letter into the claimant's TIMS folder

- The Authorizer will also update CaseFlow by entering Full (or Partial) Grant and amount of award payment
- Create a "Flash" in the claimant's TIMS folder with the message "RSC Full (or Partial) Grant authorized dd-mm-yyyy"
- PCLR Supplemental EP and finish claim token

### <u>Denials</u>

Those processing the RSCs will:

- Send PCGL Letter Central DIS-22 (AMA Disallowance Letter) for RSC claims, if the claimant is not eligible for a Full or Partial Grant Award
- Capture letter in the claimant's TIMS folder
- Print and mail AMA Disallowance Letter to the claimant
- Create a "Flash" in TIMS file to indicate "RSC Claim -Denied on mm-dd-yyyy"

### **Denials**

- PCLR appropriate Supplemental EP with a third digit modifier of "1" for the disallowance
- Update RSC disallowance in CaseFlow
- Finish claim token

(True or False) When reviewing an RSC, do not consider any new and relevant evidence the claimant may have submitted.

- A. True
- B. False

(True or False) When reviewing an RSC, do not consider any new and relevant evidence the claimant may have submitted.

- A. True
- B. False

The Answer is B, False. RSCs refer to the receipt of additional evidence that is both new and relevant, to support granting the benefit sought or identification of relevant existing records VA needs to obtain

Processing Procedures for Reconsideration of Supplemental Claims (Refresher Training)

In this example, the claimant was initially denied Chapter 1606 benefits for not completing IADT training.

A review of the TIMS file showed the MGIB-SR (Chapter 1606) status was eligible effective March 14, 2020.

The claimant submitted a copy of their DD Form 214 that showed IADT training was completed.

 A review of TIMS showed the chapter 1606 status was eligible. It appears that the claimant was denied in error. The DD214 submitted by the claimant showed that IADT training was completed.

Note: If the VIS screen had not shown chapter 1606 eligibility, VA's "duty to assist" would have included confirming chapter 1606 eligibility with DoD.

- The previous erroneous denial was reversed, claimant was issued a Certificate of Eligibility for chapter 1606 benefits.
- RSC was granted.
