

Individual Development Plan (IDP) Assessment Job Aid

Follow the steps below to complete a competency assessment and document development goals to create your Individual Development Plan (IDP) in the VA Talent Management System (TMS).

Step 1: Log in to the VA [TMS](#).

Step 2: Select **IDP/Competency Assessments** from the *Home* drop-down list. [If this option is unavailable, an IDP Role has not been assigned to your account. Please contact the *HCSC My IDP Team*, Development Team, vacohcscmydevelopment@va.gov for assistance.]

Step 3: Select the **FY24—VBA HR Individual Development Plan for Your Name Here** link from the *My Forms* page.

[Note for Managers: Please verify the correct form is selected as your personal form and employee forms pending will appear in this list.]

Step 4: Verify your IDP Role. This role should align with your current responsibilities, if you require an update to this assignment contact *VACO HCSC My Development Team*, vacohcscmydevelopment@va.gov.

IDP Role

You will be completing this competency self-assessment for the IDP role listed in bold below.

VBA OSO Human Resources Professional

Step 5: Complete the competency assessment for each included competency by selecting the proficiency level that best describes your current abilities.

Competencies included in this assessment are categorized as follows:

- **OSO Core Competencies:** Competencies that apply to all OSO employees and exist in every OSO role.
- **OSO Business Acumen Competencies:** Competencies that apply to all OSO employees involved in projects, finances, or contracts.
- **OSO Fundamental Competencies:** Competencies that are integral to the other competencies.
- **OSO Leadership Competencies:** Competencies apply to anyone responsible for managing others or who may be developing toward a management role.
- **OSO Technical Competencies:** Competencies that are role-specific and have been identified as important for that role.

The standard proficiency rating descriptions used in this assessment are as follows:

1. **Unrated/Does Not Apply:** Competency or subject matter does not apply to your unique role
2. **Foundational:** Knowledge and Understanding of Subject Matter
3. **Intermediate:** Independent Application of Subject Matter
4. **Advanced:** Analysis of Subject Matter

Each competency has an associated definition and example behavior statements included for consideration during your assessment.

- Select the “i” icon next to the competency name to review the competency definition.
- Select the arrow icon in front of the competency name to access proficiency or rating level descriptions.
- Select the Show behavior descriptions link to review example behavior statements.
- Input your assessed proficiency level in the Rating column.

Step 6: Select the +Add Goal link from the Development Plan section.

Development Plan ➔ + Add Goal

You **do not need** a development goal for each identified subject matter.
 Prioritize your development goals to align with your career goals, current environmental needs, and/or competencies/tasks.
 Each development goal should have supporting learning activities added prior to submission to your manager. To help you locate relevant training, be sure to select a competency on the Add Goal window, this will allow you to select Search by Competency from the +Add Learning Activity link (appears after your goal has been created).

 Custom Learning Activity

- Find in Library: This option allows for a full TMS Library Search. Select this option if you know the Name or ID of the learning activity in the TMS that will help you achieve your objectives.
 - Input search criteria, then select the Add to Learning Plan link associated with the desired item(s), then select the Done button.

- **Search By Competency:** This option showcases the available training options mapped to the identified competency.
[If you do not see this option, a competency is not attached to your goal, you can add a competency by selecting the pencil icon next to your goal name to edit and add a competency]
 - Review the list of available learning activities.
 - Select the link to view the full description of the activity.
 - Select the checkbox associated with the activities you want to add to your goal.
 - Select the Assign button (located at the top and bottom of the list).
 - Select the Done button.

- **Custom Learning Activity:** This option allows you to input a custom learning activity. Utilize this option to input a learning activity that is not currently listed in the TMS. Populate the required fields, then select the Save button.

Step 9: Repeat Steps 6-8 to document the development goals you want to prioritize this fiscal year (the average is two or three goals; you must have at least one to proceed).

Step 10: Select the Send to Manager for Approval button.

Step 11: Verify the Manager Name listed on the Send to Manager for Approval confirmation page.

A. If incorrect, select the Cancel & Return to Form button. Use the Validate Manager pod on the TMS homepage to correct your manager; allow an overnight synchronization to occur before attempting to send your form to your manager again. If you continue to experience issues, reach out to the *HCSC My Development Team*, vacohecscmydevelopment@va.gov for assistance.

B. If your manager is correct, select Send to Manager for Approval.
