OVERVIEW	4
1.0 AUDIENCE	5
2.0 CURRICULUM	8
3.0 CATEGORY	11
4.0 DESIGN/DELIVERY	14
5.0 COMPETENCY	17

Overview

The purpose of this document is to provide Training Managers (TMs) and Quality Review Team (QRT) training members' procedures for using the VBA Learning Catalog. This tool can be accessed from the:

- *Technical Training & Evaluation* section of the ED&T Website
- *VBA Learning Catalog* section of the Compensation Service Training Website.

The Learning Catalog allows users to select the following options:

1.0 Audience

2.0 Curriculum

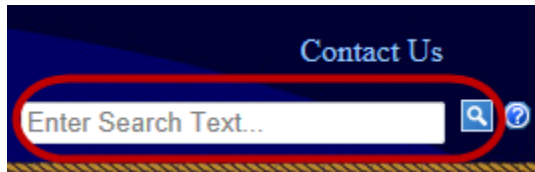

3.0 Category

4.0 Design/Delivery

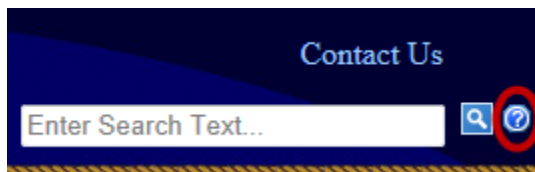

5.0 Competency

These options are explained in the following sections of this guide.

You can also search for content using the “Search” feature:

Any further questions may be answered by using the “Help” option:

If you still have questions, click on the hyperlinked “Contact Us” text:

1.0 Audience

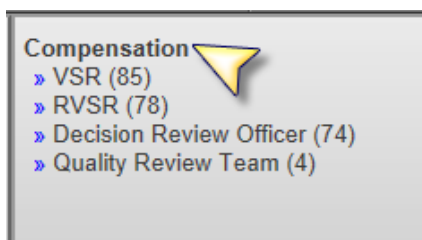

This section of the VBA Learning Catalog allows users to find a training topic for a certain audience.

To view the applicable training topics:

1. Hover over the “Audience” button from the top of the home screen.
2. Determine for which Service you want to view the available training (e.g., Compensation).

NOTE: clicking on the Service name will show you all training options.

3. Click on the applicable audience (e.g., RVS).
4. Within the filtered screen, you can further filter your options using the left-hand menu.

Clicking on the TMS ID allows you to view all the instructional materials for that topic:

Rating Hearing Loss/Tinnitus (Intermediate)

<u>TMS ID</u>	<u>Learning Hours</u>	<u>Last Updated</u>
1202931	3	10/01/2012 Mon

Description

This training is mandated intermediate level training on rating hearing loss/tinnitus.

Prerequisites

Objectives

Through discussions and practical exercises, you will increase your knowledge of processing hearing loss and tinnitus claims by:

- Reviewing 38 CFR Part 4 and cited references
- Applying Tables VI, VII, and VIII
- Exploring the VA auditory exam protocol

Other Info

Clicking on “Add to List” allows you to view all the instructional materials for that topic:

Rating Hearing Loss/Tinnitus (Intermediate)

When you view your list items, you can see your current catalog of list items. From this page, you can remove items and view or print them in either Adobe PDF or Microsoft Excel form.

2.0 Curriculum

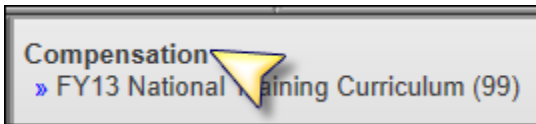

This section of the VBA Learning Catalog allows users to find a training topic for a certain curriculum.

To view the applicable training topics:

1. Hover over the “Curriculum” button from the top of the home screen.
2. Determine for which Service you want to view the available training (e.g., Compensation).

NOTE: clicking on the Service name will show you all training options.

3. Click on the applicable curriculum (e.g., FY13 National Training Curriculum).
4. Within the filtered screen, you can further filter your options using the left-hand menu.

3.0 Category

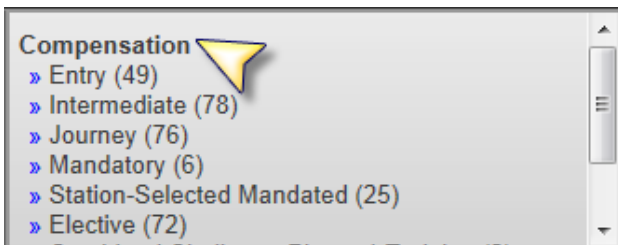

This section of the VBA Learning Catalog allows users to find a training topic for a certain category.

To view the applicable training topics:

1. Hover over the “Category” button from the top of the home screen.
2. Determine for which Service you want to view the available training (e.g., Compensation).

NOTE: clicking on the Service name will show you all training options; a scroll option will appear to the right when you can view more categories.

3. Click on the applicable category (e.g., Entry).
4. Within the filtered screen, you can further filter your options using the left-hand menu.

Clicking on the TMS ID allows you to view all the instructional materials for that topic:

4.0 Design/Delivery

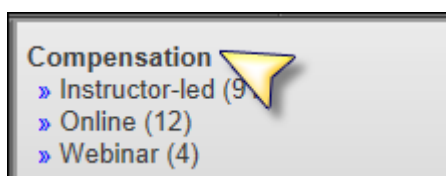

This section of the VBA Learning Catalog allows users to find a training topic for a certain design/delivery option.

To view the applicable training topics:

1. Hover over the “Design/Delivery” button from the top of the home screen.
2. Determine for which Service you want to view the available training (e.g., Compensation).

NOTE: clicking on the Service name will show you all training options.

3. Click on the applicable category (e.g., Webinar).
4. Within the filtered screen, you can further filter your options using the left-hand menu.
